

Great Performer

Lexan* XL102UV sheet can offer combination of durability and formability for a wide variety of sloped glazing and overhead applications. This virtually unbreakable, transparent Lexan polycarbonate sheet comes with UV protection on both sides of the surface and provides remarkable clarity -- even after many years of intense sunlight and weather extremes.

Potential Applications

Overhead and vertical glazing applications like skylights, barrel vaults, domes, conservatories, windows and doors.

Potential Benefits

- Helps to minimize installation mistakes
- Proprietary UV resistance on both sides of the sheet
- 10-year limited written warranty against breakage, yellowing, and loss of light transmission
- Excellent weathering properties on both sides
- Improved yields in conservatory glazing
- Design freedom and the possible system cost savings
- Lightweight, thermoformable
- Easily cold-formed to tight radii

Gauges	.093", .118", .177", .236", .375", .500"
Standard Widths	48" minimum, 96" maximum
Standard Lengths	150" maximum
Standard Colors	Clear, Grey, Greylite, Bronze and Light Green
